

THE HAMLIN HERALD

IN 33RD YEAR—EVERY WEEK SINCE 1905

HAMLIN, JONES COUNTY, TEXAS, FRIDAY, MARCH 25, 1938

NUMBER 21

Cotton Oil Mill Men Enjoyed Chuck Wagon Feed

On Thursday evening of last week the Hamlin Cotton Oil Mill, through its Manager, J. R. Moody, entertained over 100 employees, and visitors from Rotan, Sweetwater and Hamlin. Employees of the local mill prepared a real chuck wagon dinner which was very tasty, to the delight of all. The purpose of the meeting was to promote fellowship and good will among the employees and to create a better understanding of the Safety principles which the various mills foster from month to month.

After the meal, Mgr. Moody took charge of the meeting and welcomed the visitors and expressed appreciation for the cooperation of all employees during the past year, which was a good one for the Mill. Mr. Moody also paid tribute to R. M. Simmons, General Manager of the Mills and expressed regret that Mr. Simmons could not be present on account of illness. W. C. Russell, President of the Chamber of Commerce, was then presented and he expressed appreciation for the support given the local Chamber of Commerce by the Hamlin Cotton Oil Mill. He also stated that the Hamlin Cotton Oil Mill had meant much to this section of the country in urging the raising of better livestock and in the promotion of using better cotton seed for a better staple cotton. He also pointed out that the mill not only supported the local chamber, in a financial way, but that Mr. Moody and others of the organization had always given liberally of their time to the support and upbuilding of the town of Hamlin. This was followed by a talk from W. G. Davis, General Superintendent of all of the mills and gins, owned by the Sweetwater Cotton Oil Company. Mr. Davis brought out many interesting facts about the safety organizations of the mill and urged all employees to use the information that had been given them for the prevention of all accidents. L. E. Newton, Manager of the Rotan Cotton Oil Mill, brought greetings from his organization and also a safety report that indicates his mill will probably have the best safety record this year of the entire organization. N. M. Armstrong, local supt., brought an interesting paper on his work as superintendent and congratulated the employees on the few accidents that they had had in the mill this year and also made many suggestions for the elimination of similar accidents in the future. Several employees made short talks.

Jay Fitzgerald, local Cashier, was elected Secretary of the meeting and

kept a record of the proceedings. At the conclusion of the meeting, everyone agreed that it was a very fine meeting and hoped to be drawn together again next year with a similar meeting.

There were approximately 30 guests from Sweetwater, 30 guests from Rotan and 50 from Hamlin.

PLAY AT McCAULEY

The Herald is requested to announce that the Junior play, "SITTING PRETTY" is to be given in the HAMLIN HIGH SCHOOL AUDITORIUM, Tuesday, March 29 at 8:00 o'clock. Admission 10c and 15c—A small price for a big entertainment.

Don't forget the McCauley Junior play, the time and the place. —Geneva George, Secretary.

HOME TOWN ESSAYS READY FOR TEST

As the date for the West Texas Chamber of Commerce Convention draws nearer, the interest increases in the contest for Home Town Representation.

Hamlin has 16 high school students who have prepared essays on "My Home Town" and will deliver their "speeches" to determine the local winner, during the next few weeks. In the 16 we note the following names:

MR. DAY IS IMPROVING

Frequently the Herald is asked questions as to "how is Mr. Day getting along?" So it is a pleasure at this time to publish, that he is gradually regaining his strength. Mr. Day is able to walk to his place of business, about four blocks distance by taking his time. He is riding about quite a lot these spring days, and all indications are that he will be strong and gay again.

Gaylon Robertson and wife of Lueders were over Sunday to visit their parents, Mr. and Mrs. T. C. Robertson. They were accompanied by Mr. and Mrs. Keith of Lueders.

HAMLIN MEN OPEN K. M. A. THEATRE

It may seem strange that the Herald this week carries an announcement of the opening of the Kemp City Theatre—it being about 135 miles from Hamlin. But there is a reason it is the creation of two of Hamlin's young business men, Ben Ferguson and A. D. Ensey. These fellows have a lot of friends in and about Hamlin who will likely want to attend the opening show. This is their announcement of "ready."

Reports are that Kemp City is humming with oil folks these days, and the Theatre under such experienced and aggressive fellows as Ben and A. D. should go off with a bang. Mr. and Mrs. Ensey will move there as soon as a house can be secured.

YORK OPENS STORE IN SAYRE OKLA.

The Herald is informed that M. T. York purchased his second Oklahoma store and this time in Sayre, Okla. He has one in Hollis that has proven a success and the field looked so good at Sayre that he could not pass it up. Mr. York has now 14 stores and one warehouse, making 15 separate accounts. Several years ago he said he would not go beyond 10 stores, and it now looks as if he would just keep on adding wherever any good location presents itself.

NICE LITTLE RAIN FELL TUESDAY

Spring seems to be bounding upon us in a hurry. With the approach of "greenery" there is every indication that there will also be plenty of rain.

Early Tuesday morning a good half inch of moisture fell and it did lots of good to fresh planted seeds and to the wheat and oat fields. Just a little rain on top of the wonderful season now in the ground will go a long way to make a good crop of anything.

CHAMBER OF COMMERCE NEWS

SECRETARY ATTENDS MANAGERS CONVENTION:

The first meeting of the West Texas Secretaries and Managers Convention was held at Big Spring, Texas on the evening of the 18th and concluded their deliberations on the 19th. This meeting was attended by some 50 Chamber of Commerce Secretaries and Managers from almost as many towns. Discussions of subjects and problems that confront the various Chamber of Commercés were discussed in able manner by those who were capable. The following subjects were presented as follows:—Advertising, County Standardization of one Variety of Cotton, Soil Conservation and the relationship of the West Texas Chamber of Commerce to the local Chamber of Commerce. The next years meeting will be held at Marfa, Texas. Chester Harrison Secretary of the Brownwood Chamber of Commerce was elected as the new President and Ralph Duncan, Secretary of Haskell Chamber of Commerce was elected as the new Secretary-Treasurer.

HI-WAY COMMITTEE TO

AUSTIN:—W. C. Russell and Bowen Pope together with committees from Paducah, Guthrie, Aspermet and Abilene met with Hi-Way Commission, Monday the 21st in the interest of completing No. 4 at an early date through the counties north of Hamlin. The commission looks very favorable on the completion of No. 4 and assures these various committees that action will be had possibly by the middle of 1939.

MEMBERSHIP AND FINANCE COMMITTEE:—This committee whose chairman is W. A. Cassle reports his workers have secured several new members to our organization which shows a real spirit of co-operation, they will continue this work until all have been seen. If for any reason any business or individual is overlooked, just call by the Office or telephone 65 and tell us how much your subscription will be. The Secretary has written several outside firms who are now enjoying a good trade in this area and the responses have been very gratifying.

W. E. BENSON, Secretary.

MAYOR ISSUES PROCLAMATION CLEAN-UP WEEK

WHEREAS, the week of April 3 to 10, 1938, has been designated by Governor James V. Allred in his proclamation of February 26 as STATE CLEAN-UP WEEK; and

WHEREAS, the Texas Fire Insurance Department and the Texas State Health Department have agreed to cooperate with the city officials of Texas cities and towns in the observance of this week; and

WHEREAS, the aim and accomplishments of this Week are:

1. To protect community health.
2. To reduce fire hazards.
3. To create a better home life.
4. To build up pride of ownership.
5. To increase property values.
6. To beautify communities.

NOW, THEREFORE, I, Joe Culbertson, Mayor of the City of Hamlin, do hereby join with the Governor of Texas and officials of the Texas Fire Insurance Department and State Health Department, and do hereby set aside and proclaim the week of April 3 to 10, 1938, as

CLEAN-UP WEEK

in Hamlin. The schools, churches, clubs, newspapers, civic and patriotic organizations, boy scouts and girl scouts, and all of our citizenship are urged to take an active part in the observance of this week. All of these organizations are urged to consult and advise with their city officials as to the best ways and means of conducting this campaign so that the greatest benefits may be derived by all our citizens.

IN TESTIMONY WHEREOF, I have hereunto signed my name officially and caused the Seal of the City to be impressed hereon, this the 22nd day of March, A. D. 1938.

(SEAL)

JOE CULBERTSON, Mayor.

Attest:

J. B. Eakin, City Secretary.

Mrs. Mary Neeley mother of Mrs. C. C. Prater and Tom Neeley of Hamlin, is seriously sick in her home in Abilene. Mrs. Neeley has been in failing health for some time but her condition was not considered serious until this week.

RUBY GENE ELDER DIED TUESDAY

The family of Mr. and Mrs. Buck Elder is saddened by the death of little Miss Ruby Gene Elder who passed away at the Hamlin Hospital on Tuesday of this week. Ruby Gene was 10 years, 6 months and 19 days of age. She was born in the Hitson community, September 2, 1927. She was carried to the hospital about ten days before her death, afflicted with a tumor on the brain.

Funeral services were conducted at the Hitson Baptist Church, Wednesday, by Rev. Reid of Roby. Schoolmates acted as flower girls and boys were pallbearers, their names being, Billie Jo Cooper, Mary Nell Cooper, Nelda Lee, Irene Crouch, Ella Myrl Williams, Eulalia Headrick, Joella Plemons and Verne King. The pallbearers were, Grady Pickens, Reuben Harmon, J. C. Alls, Claude Harmon Jr., Robert Clifford and Edwin Hill. Besides the parents, three brothers survive, James, George and Gerald and the grandparents, Mr. and Mrs. D. F. Jones, of Leonard and Mrs. George Elder of Hamlin.

Relatives from a distance attending the funeral were: Miss Geneva Jones of Leonard, Texas, Mrs. Ed Baxter and son, Audrey, Mrs. Luther Baxter and La Joy Wilhelm and Mrs. Sherwood Ford all of Lampassas, R. R. Sims and family and Hugh Sims of Eunice, New Mexico and a number of relatives from Knox City, including a sister of Buck Elder.

Interment was in the Hitson Cemetery under the direction of the Maple Funeral Home.

Miss Laura Q. Martin student in North Texas State Teachers College has been pledged to Pi Omega Pi Scholarship society in the field of business administration, only Juniors and Seniors, majoring in this and who have a superior average in all academic work are eligible to membership. She is also a member of the "Mary Ardens," a Literary and Social Club of the Campus. Its membership is limited to one hundred, and is one of the oldest of clubs at N. T. S. T. C.

Dr. Turner Bynum is back in Hamlin among his friends after an absence of many weeks. He is feeling much better, but will take further rest and relaxation. At this time the Herald also learns that Dr. Bynum has closed a deal for the sale of his hospital and next Friday, April 1, formal announcements will be made, as at that time the new owners and management will take full charge.

SALES PADS for sale at the Herald office—6 for 25c.

"Headed for Eden"

The Senior Class wants their friends to know that the cast of "Headed for Eden" is really working to produce an A-1 play which will be presented April 15th.

Besides the hard work, the cast is also having fun. Because it really is fun watching Clifford Reynolds, as a truck driver, get down on his knees and sing, "I Can't Give You Anything But Love Baby," to Constance Teague, who works at the Orange Fizz Company.

The cast is working to make those scenes really funny and those tense and dramatic scenes really "heart-tearing" and exciting. One of our aims is to get our audience crying and then the very next moment laughing.

WE'LL be looking for you April 15.

Supt. and Mrs. Joe Webb and three sons, of Slaton were here for the week-end visiting his sister, Mrs. John A. Corbin and family in the Carlton community. Joe Webb is a Hamlin boy who is making good as a teacher. He was recently elected Supt of the Slaton schools.

Mrs. E. H. Dunlap, of Fort Worth, was a guest from Friday until Sunday in the home of her daughter, Mrs. Mac Brundage and family.

THREE ERRORS

The Herald desires to apologize to three (at least) of our classified advertisers in last week's issue. It came about by placing a corrected line of one advertisement in an ad that did not fit it. That is a common mistake in newspaper composition, but it is always very embarrassing. When you mix an apartment ad with a grain ad, or a seed ad with something else, it sounds "nuts." That is what happened last week.

TO MAKE THINGS RIGHT THE THREE BELOW ARE FREE

4 ROOM APARTMENT or a 2-room apartment or room and board for a couple or 2 young men or 2 young ladies, see or phone—

MRS. M. Y. WILSON.

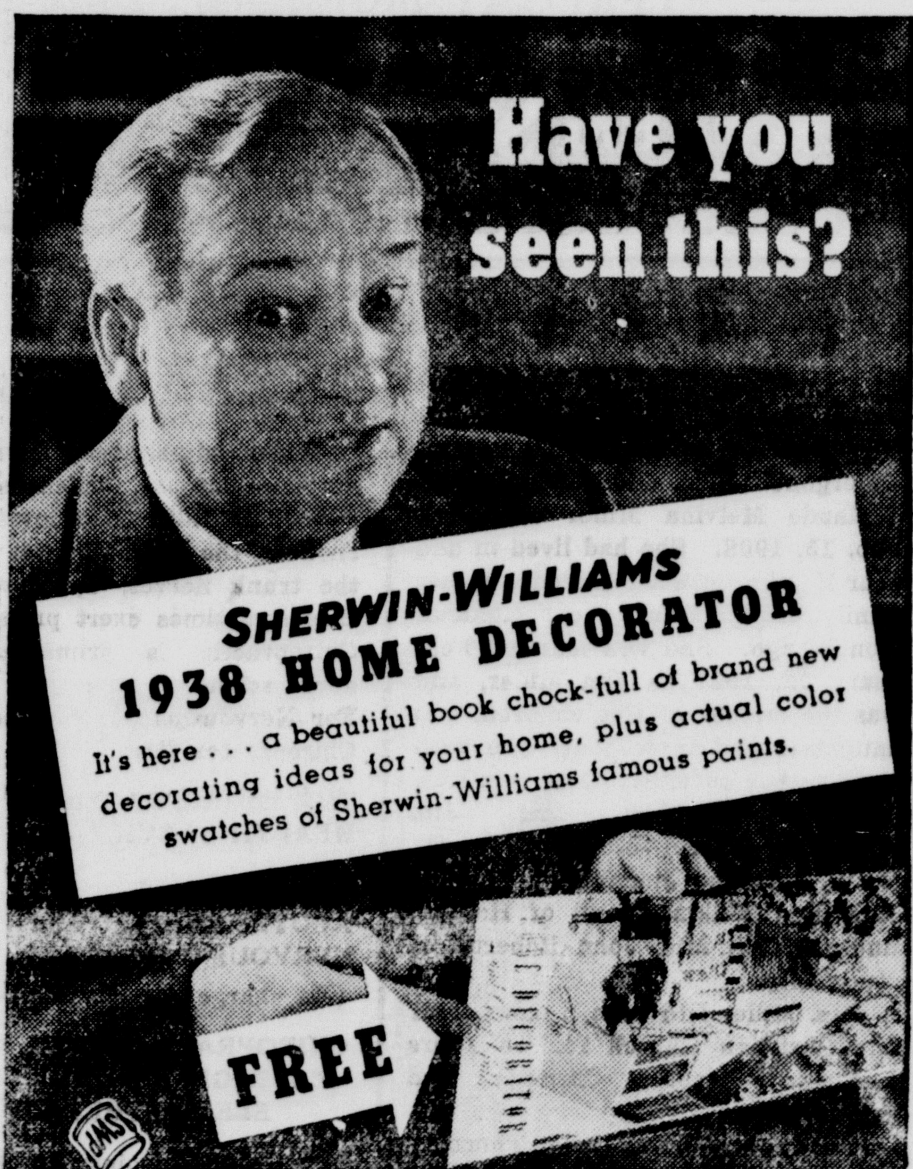

CANE SEED

I have a lot of the Ashburn quality cane seed or the 4 ft. kind, free of Johnson grass, for sale at my place on the Stanton farm south of Hamlin.

POLITICS—Seem to be growing fast in Austin these days. The Dogwood trees and the Redbuds are in full bloom, and the wooing season is getting underway. Austin is a lovely place right now. The State grounds are verdant and the mocking birds are happy. Romance is in the air, and the old ship of state marches on bigger and better. Texas is now a land of beauty from the coast to the borders of Colorado, flowers, bluebonnets, wheat, fat stock and a "jillion" chicks and turkeys, and hundreds of thousand lambs wiggling their tails in the warm sunshine. Its a pretty picture, this Texas' land. All we need to do NOW is to watch out who administers the affairs of state—so far, progress has been steady and sure—let's keep it that way by choosing the best men for public trust.

COMMITTEE GOES TO AUSTIN TO SPEAK FOR ROADS

State Highway No. 4 or Federal Highway No. 83 as laid out and being developed, is one of the longest single designated roads in the state, and perhaps the United States, running north-south direction.

To the north of Hamlin, most of the road is hard surfaced. However there is a gap fifty miles in King and Stonewall counties that needs topping.

To keep this part of the road before the Highway Commission, the county judges of Cottle, King, and Stonewall counties, headed a committee from their counties and also a committee from Hamlin, and Abilene, to Austin to talk it over with the members of the Commission on Monday of this week.

Judge L. D. Gibson and Commissioner C. A. Brooks represented Cottle County; Judge Ross K. Wideman and Commissioner V. L. Morris went from King County. Judge Ray G. Anderson and Commissioner M. L. (Farmer) Doole and banker, Rollis Springer of Stonewall County; W. C. Russell and Bowen Pope of Hamlin, and Tom Carswell of Abilene, made up the representations from these counties. The transportation problem for the trip was handled by the Pageway Coaches, with J. E. Whitehead as the driver or pilot.

The charing room of the Commission was crowded with delegations from every part of the state, as is the usual case. The delegation from this part of No. 4 went to urge the completion of the road north from Hamlin or from the River as the case may be. The recent rains rendered the road impassable on a long stretch. The committee learned that

the unfinished section has been allocated as a part of the Federal projects. This means a great saving in state funds, and means also a splendid road when finished. It may be during 1939 though before the funds will be available.

ON HIGHWAY COMMISSION

HON. JOHN W. WOOD
Member Highway Commission
Candidate for
RAILROAD COMMISSION

R. E. RAY SELECTED FOR FARM HOME

Information is that instead of FIVE farmers in Jones County to get a chance at a government loan for a farm, there are SIX. And another of the number is in the vicinity of Hamlin.

R. E. Ray is the lucky man. He lives east of Hamlin and has met all the requirements and has made his selection of farm. The place he wants to buy, according to J. D. Pickens, formerly County Treasurer, is the Pickens farm of 124 acres near Hodges. This place has a five room house on it and is all in cultivation. It is up to the committee and the supervisors as to whether the government will ok the purchase.

The Herald has no definite information about the Ray family, but we certainly hope they will prove this experiment is on safe and solid grounds to the effect that thousands of other renter farmers will in time get the same chance.

A sharp mower gives pleasure in the using and makes a pretty lawn. Let M. P. May sharpen your mower. (21-2p)

Points and Personalities

by doris pope

With only one week left to get 1938 license plates, people are beginning to dig deep into their pockets. Most of them are moaning and groaning—and some are threatening to trade for a "bike."

Today we heard Forrest Greenway wishing he owned a Model-T instead of a Buick. And even ye Editor would like to part with his Buick—for a while.

—00—

The sunny disposition of a certain brunette is "darkened" because a well known cowboy-ranchman is moving to Sweetwater.

From all reports an attractive young lady (with a poetic name) spent most of this week near the telephone waiting for a certain red-headed attraction from a neighbor-

—00—

ing town to call. The person who invented the story about "the lady who dropped dead" might have made it more logical at least.

—00—

A prominent furniture store owner is well-informed on the "shinnery" now—from experience.

—00—

A blond beauty operator should be very happy because the "only man" is going to be in town this week.

—00—

Folks are wondering why a certain jewelry man went to Breckenridge last Sunday without his wife.

—00—

A charming young nurse was seen at the show Tuesday night with an eligible young man who is "supposed to be going very steady." (Whoa now! Cupid seems to have switched to brunettes.)

—00—

All the happy whoops and yells Sunday came from a gay young stenographer who discovered that, after drinking a milk shake every day for three months, she had gained seven pounds. That ought to be a good advertisement for some soda fountain—and pretty soon we won't have to pay our dimes to see the "fat lady" at the circus.

—00—

The thing that rules us to the limit is some old so-and-so who sits around all day, broadening everything except the mind and telling everybody how to run business (that he's never had,) and who, when we come rushing by trying to make the dead-line with our copy, greets us with some very "unclever" remark. There's nothing left to do but force a "polite dry grin" at his "uncleverness (in order not to hurt his ego)—but there ought to be a law agin it!

—00—

What dry goods manager is playing nurse-maid to three bawling calves?

—00—

We note that the Girl Scouts have just moved into their newly-erected hut on Houston Avenue. Congratulations, girls! May you always live up to the high ideals and standards that are the Scouts.

—00—

It is reported that Dick Ferguson went to the Fat Stock Show last week-end via Denton.

—00—

It appears that Dale Carnegie, who has told the world how to avoid life's bumps, left his famous book at home when he came to Texas to begin a series of lectures. First he landed in Dallas when he was supposed to speak in Houston, but by means of plane he arrived there in time to deliver the lecture. He then returned to Denton, only to discover that he had failed to bring his dress suit for a formal engagement, and had to attend the affair in an ordinary brown suit, black shoes and a red tie. The moral—it's easier told than done.

—00—

A well-known brunette beautician is worrying about what her husband is going to do with his free time—but from the story we heard, she is getting the "breaks."

—00—

Just around: Wedding bells rang this week for two well-known young fellows . . . a Conoco employee and a Banner Ice House employee . . . we didn't learn the particulars because these two are rather bashful . . . Congratulations . . . Two attractive bachelor girls were seen escorting one handsome male in a black V 8 Sunday afternoon . . . A certain steno "talked back" to the

EXPRESSION OF THANKS

We wish to express our gratitude and sincere appreciation to our friends and neighbors for their kindness and sympathy during the illness and death of our mother. We appreciate more than words can express the kindly and faithful service of her doctors and nurses and the beautiful floral offering of her friends and ours.

Mr. and Mrs. Blakely Cambell
Mr. and Mrs. Tarlton Willingham and children,
Mr. and Mrs. Bob Willingham and children,
Mr. and Mrs. Paul Willingham and children.

Every couple will find a joint card, artfully printed, very convenient, comes in handy often—why not have a few printed "Mr. and Mrs.?" at the Herald.

MRS. EDGAR MILLER

Mrs. Edgar Miller died in the Tulare Hospital in Portersville, California, Tuesday morning, March 8, following an operation which she had undergone eleven days before.

Maude Melvina Miller was born Feb. 15, 1908. She had lived in and near Hamlin until she moved with her family to California about eighteen months ago. She was married February 12, 1927 to Jim Miller, and was the mother of five children, two daughters and three sons, who with their father survive. Other relatives are her mother, Mrs. Jim B. Miller, four brothers, A. G., S. V., Jess and Jim Miller, a sister, Mrs. Ben Wilkinson, all of Hamlin, and a sister, Mrs. John Roberts, of Knox City.

Mrs. Miller had been a member of the Christian Church for 15 years and was a devoted Christian and mother.

The funeral was held Thursday morning at 10:30 at the Portersville Nazarene Church. Because of the great distance none of her Hamlin relatives were able to attend.—Contributed by her sister, Evelyn Wilkinson.

Miss Luiema Williams who has been ill for some time, will be able to return to her work in the Haines Beauty Shop Monday.

Chiropractic

Spinal adjustments have a definite purpose, which is to remove irritation and interference of the spinal bones with the trunk nerves, upon which they sometimes exert pressure. Chiropractic is primarily a nerve science. For Nervousness, always see a Chiropractor first.

XX

TRADE AGREEMENTS

A severe test will be given the reciprocal trade agreement program by Secretary of State Cordell Hull. He intends to make an agreement with the United Kingdom, to add one more to the 17 already made. A tariff adjustment reciprocal agreement between this country and Czechoslovakia was the last to be entered under the 17 agreements.

XX

CCC CAMPS

Three hundred CCC camps will be closed before June 1, in order to reduce the strength of the corps from 300,000 to 250,000. The reduction will take place even though applications for enrollment have shown a continued increase instead of decrease. Approximately 4,000 supervisory and administrative officials will be dismissed also.

XX

ACCIDENTS

Ten million accidents serious enough to disable their victims one day or longer occur annually in the U. S.—30,000 daily. Each day 500,000 persons in the U. S. are unable to work, go to school or pursue other usual activities as the result of injuries caused by accidents.

XX

BUILDING

Building costs throughout the country have turned definitely downward, confirming the trend noted in scattered sections since the early fall of 1937.

XX

HIGHWAY BILL

Congressman Elmer H. Wene of New Jersey has introduced a bill, H. R. 9666 which would build a system of super highways that would be as permanent as the Appian Way of the Roman Empire, linking every section of America. This highway system would consist of at least four lanes of traffic in each direction, with parking shoulders, all on a reinforced base of concrete. About 25,000 miles of road would be required to link all sections of the country. These super-highways would be built

only as fast as necessary to keep American industry and labor operating at capacity. The cost of the highway, including over and under passes would be about \$250,000 to \$300,000 per mile, or from eight to ten billion dollars complete. To build this self-liquidating highway would require every bit of available labor of every description for many years. About 10,000,000 tons of fabricated steel, 500,000,000 barrels of cement and more than 100,000 tractor, road-building machines, and other motor equipment would be required.

XX

BUSINESS MEN'S BUREAU

The farmers of the U. S. have a bureau to perform services for them—the Bureau of Agricultural Economics. Now the Business Men are to have a similar bureau for their services. The Commerce Department is setting up a new Bureau of Industrial Economics to study prob-

lems of industry.

XX

WPA PROJECTS

On the theory that home building might be encouraged if neighborhoods were put in better conditions, the WPA wants approval of numerous projects for laying out new streets and sewer installations.

XX

WAR SITUATION

The State Department officials are keeping a close eye on developments in Europe. The U. S. will maintain a "hands off" policy no matter what happens.

XX

BOYCOT

An unofficial boycott in this country, it is said, has caught Japan off guard and has reduced sharply the imports of goods from Japan. As a result war financing plans have been upset.

Strength During MIDDLE LIFE

Strength is extra-important for women going through the change of life. Then the body needs the very best nourishment to fortify it against the changes that are taking place.

In such cases, Cardui has proved helpful to many women. It increases the appetite and aids digestion, favoring more complete transformation of food into living tissue, resulting in improved nutrition and building up and strengthening of the whole system.

LAWN MOWERS sharpened at M. P. May's Furniture Store. (21-2p)

Mrs. Milton Wilson, who has been in the home of her parents, Mr. and Mrs. W. F. Johnson for several weeks, left last Friday to rejoin her husband in their home in El Reno.

Leisure for you!

...and better
cooked meals
at less cost
with today's
gas range

Until you actually use today's gas range you'll never know how easy and sure cooking can be, not to mention the hours one cuts from kitchen time.

There's an automatic temperature control that assures perfect baking and roasting whether you are in the kitchen or out of the house. Tight insulation holds oven heat constant... helps the oven to heat faster... saves gas... and keeps the kitchen cooler. Simmer burners provide a highly flexible heat

that can be controlled to the exact temperature required for any boiling or frying job.

Of course, there are many other features to make your kitchen work easier and add hours of new leisure every day. And the best way to know these features is to get a first-hand look at the new ranges. They are as beautiful as they are efficient and are sold on the easiest kind of terms.

CARD OF THANKS

Please allow us to extend our heartfelt appreciation in behalf of the kindness and thoughtful aid rendered us by our many friends, during the illness and death of our darling little daughter, Ruby Gene Elder.

Especially do we extend our gratitude to the class and teachers for their comforting words of sympathy and floral offering. And to the doctor and nurses for their faithful efforts. Also we wish to mention the consoling words brought by Rev. Reed in his tender words of service when our hearts were heaviest. The thoughtful services rendered by the undertakers, Mr. and Mrs. Maples will bear no less mention.

To countless others who brought floral offerings and helped in other ways to make our burden lighter, we thank you from the bottom of our heart. Only when death has reached your door will you realize the value of such friendship as you have offered our earnest prayer is that such blessings will be yours.

Sweet memories and deepest gratitude of you will live on in our hearts.

Mr. and Mrs. I. R. Elder
and family,
Mr. and Mrs. D. F. Jones,
Mrs. George Elder and family.

TODAY

I will this day try to live a simple, sincere and serene life, repelling promptly every thought of discontent, anxiety, discouragement, impurity and self-seeking; cultivating cheerfulness, magnanimity, charity and the habit of holy silence; exercising economy in expenditure, carefulness in conversation, diligence in appointed service, fidelity to every trust and childlike trust in God. — John H. Vincent.

FAME

"And why should we celebrate Washington's birthday more than mine?" asked the teacher.
"Because he never told a lie," piped out a little boy.—Pasadena Post.

COURTESY PAYS

My five-year-old niece accompanied her dad downtown recently and upon her return home her mother asked: "Well, Claire, what did daddy do downtown?"

Claire answered: "He went to the bank and talked to the lady working there, and she smiled, and then daddy gave her all his money." — Margie Faga in Chicago Tribune.

BRONCHIAL COUGHS

Get Rid of Them—Quick
Sleep Soundly

Spend a few cents today at any good drugstore for a bottle of triple acting BUCKLEY'S MIXTURE — take a couple of doses and sleep sound all night long—your irritating cough or bronchitis is under control.

One little sip and the ordinary cough is on its way—continue for 2 or 3 days and often you'll hear no more from that tough old hang-on cough that nothing seemed to help.

Over 9 million bottles sold in cold-winter Canada.
WAGGONER DRUG CO.

COST OF POWER LESS IF STOCK IN CONDITION

(This is the sixteenth of a series of livestock articles published as a service to the farmers and stockmen.)

Carried through the winter months on a minimum ration, horses and mules can not be expected to meet the sudden demand for work in the spring unless they are fed adequately. Getting stock into condition for work is an important factor in securing economical and efficient power, livestock authorities agree.

'Less attention is given to the economical feeding of this class of livestock than to any other farm animal,' says Morrison in "Feeds and Feeding." It is just as essential to care for work animals in a manner to insure their maximum efficiency as it is to care for and lubricate properly the vehicles and machinery they draw."

The amount of power required is the major factor determining the type of ration that is most economical and efficient for horses and mules. A large proportion of roughage may be used when animals are idle, but as they are called upon for work it is necessary to feed more concentrates.

Practical rations for uses in the South in feeding animals at light work and animals doing heavy work are the following, recommended for 1,000-pound animals. The amounts in the ration may be reduced about one-fifth for horses or mules weighing 800 pounds, and increased one-

fifth for 1,200-pound stock.
FOR LIGHT WORK—No. 1

Oats, corn, molasses, crushed grain sorghums or barley...4 lbs.
Cottonseed meal...2 lbs.
Hay or bundle stover...6 lbs.
Cottonseed hulls...6 lbs.

FOR LIGHT WORK—No. 2

Crushed grain sorghum heads or corn and cob meal...2 lbs.
Cottonseed meal...2½ lbs.
Grain sorghum bundles with heads...12 lbs.

FOR HEAVY WORK—No. 1

Oats, corn, crushed grain sorghums or barley...9 lbs.
Cottonseed meal...2½ lbs.
Mixed hay or bundle stover...6 lbs.
Cottonseed hulls...6 lbs.

FOR HEAVY WORK—No. 2

Corn and cob meal...9 lbs.
Cottonseed meal or cake...2½ lbs.
Legume or grass hay...11 lbs.
Plenty of water and salt are needed by work stock at all times. In warm weather, especially, working animals need clean water at least once or twice each morning and afternoon.

Whole-pressed cottonseed may be substituted in any of the rations at the rate of 2 pounds of whole-pressed cottonseed for 1 pound of 43 percent protein cottonseed meal or cake and two-thirds of a pound of corn.

By feeding work stock on rations that will enable them to meet the work required of them, such as those suggested above Southern farmers can secure more efficient and economical power from their animals during 1938.

COPY SHEETS and Carbon paper, ready for sale at the Herald office.

Curiosa Americana

By Elmo Scott Watson

Anti-Climax

IT'S a story that has been told about Judge Roy Bean of Texas, famous as the exponent of the "Law West of the Pecos." It has also been attributed to other rough-and-ready upholders of justice. It may never really have happened but it was typical of the grim, yet gusty, humor of the frontier. Here's the yarn:

A Mexican sheepherder was caught red-handed in the assassination of a fellow-countryman and brought to trial. After an hour's deliberation the jury returned with a verdict of guilty of murder in the first degree.

While it had been out, the judge had retired to his chambers to read up on the law. He found it very dry so he freshened his mind with frequent libations from a bottle. When he returned to the courtroom, his voice was a bit thick as he delivered this classic sentence upon the prisoner:

Jose Manuel Miguel Xavier Gonzales, in but a few months it will be spring. The snows of winter will flee away, the ice will vanish and the air will become soft and balmy. In short, Jose Manuel Miguel Xavier Gonzales, the annual miracle of the year's re-awakening will come to pass. The rivulet will run its purring course to the sea. The timid desert flowers will put forth their tender shoots. The glorious valleys of this imperial domain will blossom as the rose. From every tree-top some wildwood songster will carol his mating song. Butterflies will sport in the sunshine, and the busy bee will hum happily as it pursues its accustomed vocation. The gentle breezes will tease the tassels of the wild grasses. And all nature, Jose Manuel Miguel Xavier Gonzales, will be glad. But you, you, Mexican sheepherder, you won't be here to see it, because you're going to get hung four weeks from this coming Friday.

McCAULEY MATTERS

By JOHN P. HARDESTY

The object of this column is to give the news about McCauley community with special reference concerning the church and school activities, and and whatever else is appropriate in a general way relative to the social and business affairs of the people. We have had some very kind and appreciative words from many friends, some of whom do not live in this community, and this encourages us to try to make the column readable. My good friend, Tate May, took special pains to tell me recently that he reads and likes my scribbles each week. A good friend in Anson said as much, also. Another said "your column is the first thing I read when I get the paper."

Now, I have said all this to say something else. If this column seems somewhat lopsided, with too much about one or two things and not enough about some others, please remember that we are writing only about what we know. The author of this column has one or two other "irons in the fire" besides this one. He has given every item thus far that he has had given to him, or that he could get hold of—often times going to considerable trouble to get exact facts relative to the matter. We have had good co-operation from the school folks and friends of the other churches in the town. We want all matters of community interest to be represented alike. And in giving items please give names, initials, post office addresses, etc, as nearly correct as possible.

Many are asking if we have the pastor's new home completed. No. It will probably be sixty days before we are through finishing up the odds and ends. The pastor and his "manager" are domiciled in the home but we are merely camping for the time being. The house where we had rooms sold and the party buying needed the house. Fortunately we could move in, accommodate some one else, and save house rent.

In this connection we wish to say that we are still on the receiving list. Friends continue to help with their generous contributions, which are needed to complete the home as we planned. Among recent donors we are glad to mention Mrs. W. E. Martin, Big Spring; Joe Fender and Ellen Kelly-Key, of Rotan. We are paying all bills for material and labor as we go. We are determined to keep out of debt on this building. It is also our purpose to have a public "house warming" when we are through, invite all who have shared in any way in its construction (and all others, too), and give the list of those who have helped to make possible the splendid roof over our heads. This is not intended as a vain show but as a just and courteous recognition of friends who made the enterprise possible. The Holy Scriptures tell us that we should render "honor to whom honor is due; tribute to whom tribute is due." No one has given in order to gain this and that is one reason we wish to give such recognition.

The McCauley section rejoices in a fine rain which visited us on Tuesday of this week.

Several from the Baptist Church congregation attended the workers conference of Fisher County Baptists at Roby Monday. The next meeting goes to Liberty church.

The Adult and Junior B. T. U. county rally will be held at McCauley Friday night of this week. The local Unions will render the program.

Congratulations go to Superintendent D. L. Smith of McCauley public schools who has been re-elected to continue as head of our school system for next year. He is serving in his eighth year in this capacity. Also to Principal H. P. Powers, of the high school and V. W. Jackson of the grammar grades, both of whom have been re-elected to their respective position for another year. The teachers for the other positions will be named at a later date.

A trustee election has been ordered for the first Saturday in April. Two trustees to succeed B. F. Short and Levi McCollum, are to be selected.

Lillian Akins, office assistant to Dr. W. V. Ramsey, Abilene, visited home folks, the M. L. Akins, Saturday to Monday. Nola Akins, who has been companion to Mrs. Dr. McGee, Abilene, for some weeks, returned to her home Saturday. She may return to her position in a few days.

Tragedy has again struck in our midst in the death of Lee Eugene Nichols, a former McCauley boy, reared here, who was killed in a car-truck accident near Shamrock, Tex.

as, Tuesday, March 15. The funeral was held at Littlefield, his home, on Thursday. He was the brother of Mrs. Jim Fancher of McCauley and Harry Nichols of Hamlin. Mr. and Mrs. Fancher were accompanied home by the mother, Mrs. Nichols, who visited with relatives, returning to her home Sunday. Latane Akins, who has been visiting the Eugene McClouds at Littlefield, also returned home with Mr. and Mrs. Fancher.

LOCAL NEWS FROM FAR AND NEAR

(By TRESSIE BROWN)

We farm people are enjoying this good spring weather.

Bro. Gray held regular Third Sunday services this past week-end at the Neinda Baptist Church. He also preached at Wise Chapel, Sunday afternoon at 3:00 o'clock.

Guests in the home of Mr. T. S. Brown and family Sunday, were: Mr. and Mrs. Virgil Reynolds and family of McCauley, Mr. and Mrs. Lloyd Hamlin and children, Mr. and Mrs. John Greenway and sons, of Roby and Mr. and Mrs. Jim Brown and little daughter.

Mr. and Mrs. Lucus Faulkenberry and little daughter, Topsey, had as their guests Sunday, Mr. and Mrs. Arza Brown and little sons.

Miss Rachel Reynolds is visiting this week with little Betty Joan Brown and her parents.

Jim Johnson was honored on his sixty-second birthday, Wednesday night with a party consisting of friends and relatives. Ice cream and cake was served and a nice time was reported. Those present were: Mr. and Mrs. E. W. Johnson and sons Lewis and Lenard of Plasterco, Mrs. John Hudson and daughters Doris and Dorothy, Mrs. A. P. Johnson and Miss Stella Johnson and Mrs. Ruth Maynard and son Roy Lee of Hamlin, Simpson Johnson of Bradshaw and Mrs. Clara Renschler and son of Hamlin.

We are sorry to hear of John Melvin Hudson's illness. We hope he is soon well and able to continue his school work.

Mrs. Agnes Bingham, Misses Lois and Nadine, visited Mrs. Ben Bingham, near Sinclair, where she is staying in her mother's home.

We are proud of the nice rain and more thankful for the nice weather.

HAMLIN BOY MAKES GOOD IN CALIFORNIA

It is quite common for the Herald to inquire after the boys who grew up to manhood in this community. One of these is Spearl Ellison, a son of Mr. and Mrs. J. W. Ellison, farmers near Hamlin. Another is Earl Ellison, just older than Spearl. The other day, we asked the father "Well where are the boys now?" Mr. Ellison is quite modest but like every father is proud of his children.

He had a letter just received from Spearl written on fancy hotel stationery, showing the Sir Francis Drake Hotel in San Francisco. Just recently Spearl was promoted from a Hilton hotel in El Paso to the big 600 room Drake in the California city. It is a long story of how this boy has proven his worth as a business man and especially in the hotel business. He started as a bell hop at the Abilene Hilton, later took a place in El Paso as Steward for more than two years, and now he is Assistant Manager for the Drake, and its Chief Steward, which means he sees to the operation of three great food serving units. In all his mixing with the peoples of the nation he keeps that appreciative gratitude for the training and influence of his father and home life here near Hamlin.

We might say as much for Earl Ellison, who is Manager for a Safeway store in Las Cruces, New Mexico. No wonder the father feels proud of his boys... we all do, Mr. Ellison.

ON HONOR ROLL

AUSTIN, March 25.—Dean H. T. Parlin has announced the fall semester honor roll for the College of Arts and Sciences at the University of Texas. Among the students whose quality and quantity of work entitled them to a place on the honor roll was William Franklin Martin of Hamlin.

New modern type makes lovely printing at the Herald plant.

Nicely printed letter paper and envelopes add dignity to your business—and the cost is so small at the Herald plant.

SOUTH SIDE NEWS

(By NANCY O'NEAL)

Misses Lois Brady, Lila Marie Sedberry and Mildred Herring were joint hostesses for an out-door picnic last Friday evening, March 18. The group met at the South Side school house and went to the river, in Mrs. T. T. Brady's pasture, the place where her sons had selected for the young ladies to entertain their guests. Each person had to cut their own limb from a cedar to roast their marshmallows and weiners. This proved quite exciting as each person was trying to find a limb with the most places to hold the contents. After various games were played, the hostesses served cookies, iced soda water and sandwiches to the following: Nell Kirby Herring, Rose Marie and Mae Brady, Nancy O'Neal, T. T. Brady, Leland Sciffers, Charles Brady, L. B. Bruner, James Sedberry, Don O'Neal, Tom Brady, Roy Shannon, Henry Brady, Mrs. Nell

Herring, Mr. and Mrs. Roy Bruner, Mr. and Mrs. Wallace Jones, M. and Mrs. Jimmie Sedberry, Mrs. Jones and Mrs. Theodore Brady.

Everyone reported a delightful time.

Mr. and Mrs. Ray Williams of Wise Chapel visited with her parents, M. and Mrs. Doug Grimes in South Side community last Saturday night.

Little Patsy June Smith of Ft. Top who was hurt several weeks ago is slowly improving. However she was not able to walk for several months because of a broken leg.

Miss Mildred Herring who teaches school at South Side community visited her mother Mrs. Nell Herring in Aspermont last week-end.

Miss Nancy O'Neal of South Side was a guest of Mrs. Edd Decker last Saturday.

Mr. and Mrs. Jimmy Sedberry and Mr. and Mrs. William Sedberry visited Mr. and Mrs. Roy Bruner, Saturday.

Miss Mae Brady visited her mother last Friday. She returned Saturday where she is employed with a telephone company.

Mrs. Richard Stubblefield, local manager of the Western Union received a message Monday that her mother had died suddenly at her home in Chillicothe, Mo. She left immediately by the north bound Santa Fe to join her father and the family in their bereavement. Mrs. Stubblefield has a host of friends in Hamlin who will sympathize with her. She had planned a vacation to start in a week or two more. Her mother had been enjoying good health and for her to unroll a message of a death in her own family was very shocking.

District Clerk, Robert Cross, was over early Thursday morning carrying a smile all over his face — there is a reason... last Sunday he became a father — a lovely little daughter was born, and her name is Sandra Jeanine. — Robert says she is the cutest thing he ever saw. Congratulations, Mr. and Mr. Cross.

The Herald is only \$1.00

Mrs. F. M. Peel and daughter, Miss Margaret Peel, of Kilgore, were here this week to visit her sister, Mrs. O. G. Ebert and husband. Mrs. Peel and her family were pioneer citizens of Hamlin and have many friends here.

While here Mrs. Peel called at the Herald Office and had the Herald sent to her daughter, Mrs. Cling Hudson in Cross Plains.

DOVIE LEAGUE NEWS

A number of Dovie Leaguers attended the Nion meeting at Sylvester Friday night. We were in the run off for the loving cup and since we were new members the other leaguers forfeited us the cup without drawing.

Mr. Elvin Cooley had charge of the program Sunday evening. Scripture reading by Loy Lee Nelson, Morris Bessire, Wyatt, and Mrs. Miller gave talks on "The Young People and the Church."

There will be preaching next Sunday morning.
